

Student Online Learning Expectations

Online Class Expectations

- Students will work independently and be self-starters.
- Students will be dedicated to school from 8:30-3:30 Monday through Friday.
- Students will be in class virtually with their teacher in real time. Students will attend their classes at the times designated by the new [Online Learning Bell Schedule](#).
 - Attendance will be taken based on who is in class online and on time.
- Students will not be provided with a Pass/No Mark option this year.
- Students will use time wisely and be organized (ie-keep track of deadlines and materials).
- Students will be willing to use new technology and ask for help when needed.
- Students will put in the time needed to read or study carefully and actively participate in online activities.
- Students will submit all assignments on time.
- Students will discuss concerns with their teacher right away.
- Students must assume teachers will be recording sessions.

Online Class Meeting Rules

- Students will have their video on during class and mute themselves upon entering and only unmute themselves when they need to speak.
- Students will be on time and will stay the whole time and will try their best to be in a quiet room with no distractions.
- Students will have materials in front of them during live Google Meet (ie-notes, writing utensil) and have completed pre-class preparation activities.
- If a student is having a temporary tech issue, he/she will contact the teacher immediately to be excused from class (the student will still need to check in live at least once that week).
 - All students will have the ability to be in class based on the school district supplying every student who needs technology help with either a chromebook, a WiFi hotspot or both.
- Students will be respectful of the teacher and other students during collaborative work (ie-online discussion boards).
- School rules for behavior and conduct apply. This includes use of language and dress code as well as background such as posters. If there are items that have personal information, move them out of camera range.
- During class, students will “raise hands” before speaking so they don’t interrupt others.
